

# **Global Native**

# **Reflection on Learning**

1. Explain what you liked most about the project and why?
2. Summarize what you found most difficult or challenging about this project and why?
3. Analyze one aspect of the project that you would change and give details as to why?
4. Assess what new knowledge you gained from this project?
5. Define what skills you have gained from working with your group during this project.
6. Justify how you were a positive influence on your group.
7. Describe the problems that you and your group encountered throughout this project.
